**Skip the line at the health department clinics by registering advance at [vaccineappointments.virginia.gov](https://vaccineappointments.virginia.gov)!**  
**Walk-ins are welcome.**

If you are looking for a clinic in another area, please visit [vaccines.gov](https://vaccines.gov) and use your zip code to find appointments at local pharmacies and healthcare providers. Visit [vaccinate.augustahealth.com](https://vaccinate.augustahealth.com) to make an appointment at Augusta Health. These appointments are available to those ages 12+ who live, work, or go to school in the Central Shenandoah Health District.

If you are having problem making an online appointment, please call your local health department. Please help us reserve the phone lines for those with limited internet access and/or low computer literacy.

## WHAT'S NEW THIS WEEK

### Hull's Drive-In COVID-19 Vaccine Clinic is this Friday, July 9!

Join CSHD, Carilion Clinic and Hull's Drive-In for a FREE COVID-19 vaccine clinic and the nationwide premier of Black Widow!

show your vaccine card for free popcorn!

IT'S TIME TO PRESS PLAY. get your shot!

### NEW Self-Service COVID-19 Vaccination Record Portal!

## NEED A COPY OF YOUR COVID-19 VACCINE RECORD?

Visit the self-service portal online:  
[vaccinate.virginia.gov](https://vaccinate.virginia.gov)

- A self-service portal is now live and accessible via [Vaccinate.Virginia.gov](https://vaccinate.virginia.gov) to view COVID-19 vaccination records.
- Access to the records requires two-factor verification. The record can be saved and printed or downloaded as a PDF.
- The vaccination record will only show COVID-19 immunizations, regardless of if the individual has additional vaccinations listed in VIIS.
- Vaccines administered and not reported in VIIS (e.g., out-of-state vaccinations, vaccinations administered by federal entities not reporting to VIIS) will not reflect in the self-service portal

*This portal is not intended to be a "vaccine passport" but serves as a tool to access your COVID-19 vaccination record in the event of a lost original card.*

[Click here to view your vaccine record!](#)

# MASK UP!

If you are not vaccinated, be sure to wear a mask and practice social distancing!

While vaccination is the best defense against COVID-19, public health officials encourage Virginians to continue to wear masks as recommended by the Centers for Disease Control and Prevention (CDC) and [allowed by state law](#). Those who are unvaccinated should continue to mask and practice social distancing.

While the law prohibits wearing a mask for the purpose of concealing one's identity, it does not prohibit wearing a mask for the purpose of preventing the spread of COVID-19. This is true even now that Virginia is no longer under a statewide declaration of emergency.

[Click here to read more about masking guidelines!](#)

## Community COVID-19 Vaccine Calendar

We added a new section to our website that includes the vaccine events happening throughout our health district. These include events hosted by the Central Shenandoah Health District and other vaccine partners. The clinics are separated by region and are subject to changes.

[Click here to view the calendar!](#)

## Become a Community Ambassador!

VDH's Community Ambassador program is an important part of our vaccine outreach efforts! We need your help to keep it going strong. As an Ambassador, you'll help share COVID-19 updates and materials from top experts and sources. We need people like you who can spare a few minutes each week to help keep Virginians safe.

[Click here to learn about the Community Ambassador program!](#)

## COVID-19 Vaccine Mobile Clinics

**\*We are still planning mobile clinics!\*** CSHD will be offering mobile COVID-19 vaccine clinics in the community in an effort to increase access to COVID-19 vaccines. To succeed in these efforts, we need your help! **If your organization is interested in a COVID-19 vaccine clinic for your community, then we are asking that you complete this request form.** You can also go to <https://redcap.link/32fiylbj>. Our mobile clinics can be walk-up with no registration needed and can be flexible in date and time of clinics. Our clinics can serve anywhere from 20-200 people. This service is free and available to all community members.

For some inspiration, a mobile clinic could be held at:

- a local festival, event, block party, farmers market, etc.
- a church, community center, business

- a food pantry, homeless shelters
- a park or public space

If interested, please complete the form and I will reach back out to you within 3-4 business days. **Please share with other community members that may be interested in this service.** A link to this request form will be available on our website at <https://www.vdh.virginia.gov/central-shenandoah/covid-19-vaccine-information/>.

[Click here to request a COVID-19 vaccine clinic for your community!](#)

## District COVID-19 Activity

**Cases have been increasing in our region (Northwest) for the last 17 days and cases are considered to be increasing.** It is important to take preventative measures like avoiding crowded areas, wearing a mask, and washing your hands if you are not fully vaccinated. You can explore individual locality metrics [here](#). To learn more about the VDH Pandemic Metrics, click [here](#).

## COVID-19 EDUCATION EVENTS

**INTERESTED IN HOSTING  
A COVID-19 VACCINE  
INFORMATION SESSION?**

Want to learn more about the difference vaccines? How to pre-register? Host a COVID-19 vaccine information session! If your organization would like more information about the COVID-19 vaccine you can schedule an information session with our health education team. Sign up for a session [here](#).

## COVID-19 VACCINE DATA

In the Central Shenandoah Health District, **50.1%** of the population has received at least one dose of a COVID-19 vaccine and **44.7%** of the population is fully vaccinated. doses have been administered across the district.

You are considered to be fully vaccinated 2 weeks after their second dose in a 2-dose series or 2 weeks after a single-dose vaccine.

### People Vaccinated by Locality of Residence and Vaccination Status - Percent of the Population

People Not Mapped : 626,962

For locality COVID-19 vaccine distribution numbers, please visit the [VDH COVID-19 Vaccine Dashboard](#).

## COVID-19 DATA BREAKDOWN

As reported to VDH, by date of lab report. May differ from other sources, due to reporting lags. Negative numbers indicate data corrections, since March 2020. More data can be found [here](#).

	7-Day Average Number of Daily New Cases Reported	Total Cases	Total Hospitalizations	Total Deaths
Augusta County	2	6,000	195	80
Bath County	0	274	10	11
Buena Vista City	0	937	27	22
